(All DEPMC"s & PMs)

GEYSERS : FOUR STAR RATINGS

1. The star rating as per Bureau of Energy Efficiency norms imply lesser consumption of electricity and hence contribute positively to the Green Building norms.
2. In view of the above it is directed that for future contracts of DG MAP, the geysers (electric water heaters) for Offrs, JCOs and ORs should have minimum four star rating as per Bureau of Energy Efficiency (BEE) norms.
3. Please ensure strict compliance.
